

Family Event Packages

Includes Staffing ~ Games ~ Special Event Schedule ~ Popcorn and Cotton Candy

Events for up to 150 Guests (Approximately 75 Kids / 75 Adults)

**Looking for the easiest way to throw a great event for your next gathering?
Consider one of our FAMILY EVENT PACKAGES!**

While the Carnival Party offers many themed activity stations for every size of event, we do offer special FAMILY EVENT PACKAGES designed for events of up to 150 guests. These activities are planned and run with the assumption that Kids are attending under the supervision of an adult. Participation in the activities may be kids, kids with parents, or adults. As planned, we recommend these events for events **up to 150 guests** (with approximately half -75- being guests under 12 years of age). These events are intended for ALL GUESTS to arrive at about the same time and stay for the duration of the event.

Family Event Package Details:

- **Cost ranges** \$895-\$1995 depending on location, duration, theme and number of guests.
- **Duration:** 2 Hours, with the ability to add additional time at a rate of \$200 per hour.
- **Number of Guests:** Up to 150 TOTAL (or 75 participating kids). If you expect MORE, consider adding one or more of our activity stations or something else to compliment the event. (See page 5 for details)
- Each Theme Includes **Activities for Guests to do at their leisure** throughout the event as well as **Special Events** that the Carnival Party will run throughout the event.
- Each Theme Includes **Popcorn and Cotton Candy** made and served onsite. **(New for 2025!)**
- Event packages are designed for **all guests to arrive at about the same time** and stay for most of the event. The Special Events of each theme are only done during specific times. What this means is that guests arriving late or leaving early may miss out on special events! If you wish for us to be able to cater to late arrivals and early departures, it would be an additional \$300 per event to have extra staff onsite to be able to accommodate requests.
- **Great option** for larger sized **birthday parties, family reunions, club events** and more!

NOTE TO RETURNING CLIENTS ~ While we often offer many of the same themes each year, we do “shake it up” to keep each theme interesting for repeat guests!

We bring all the equipment; we do all of the set up, and then WE RUN the activities and supervise the event for you!

Fun for Guests and EASY for you!

 - o Everyone knows each other very well? (typical at pool and beach clubs, school events etc.) These groups need just FUN ACTIVITY as they already are very familiar with each other.
 - o Everyone is somewhat familiar with each other? (Typical at golf and racket clubs, campgrounds that host events) These groups need FUN ACTIVITY and maybe some minor help socializing and mixing)
 - o Everyone is unfamiliar to each other? (Company Picnics, Community Events, etc.). These groups often need help MIXING AND JOINING INTO activities as much as they need the ACTIVITY ITSELF.

Custom Event Planning:

All of the events on the previous pages are considered pre-Planned events. If you prefer to mix and match your options, see our Staffed Activity Stations flyers. We have an assortment of 25+ options you can mix and match to design your own event and activities!

Deposits ~ Cancellations ~ Rain Dates etc.

Reservations are made by the client through our online form. *The Carnival Party will send you a link along with a password and reservation code to make your reservation. We will give you 48 hours from the time stamp on the email to do so, after which the hold will expire and we will begin to offer the date as available again.*

A **deposit** is necessary to secure your event date when you fill out the online form. *Deposits are approximately 25% of your overall event cost. Payments are made online via debit cards, credit cards and PayPal.*

Deposits are NOT refundable, however, should you have to unexpectedly cancel or postpone for any reason, it will be applied to the **rescheduled event provided the new date is within 30 days of the cancelled dates.**

RAIN DATE OPTIONS:

Adding a Rain Date – \$\$\$ You have the option to add an additional “date” as a rain date. **This is at an additional cost typically ranging \$200-\$600 depending on the staffing, equipment and day of the week.**

- This cost “buys” you a second timeslot in our schedule that allows you to pick the best weather day a couple days before your event.
- This option ensures that STAFFING, Themed EQUIPMENT, VEHICLE and TRAILER are set aside for you on TWO DAYS so that you can pick the best.
- There is no refund if the rain date is not needed.

If you have a specific weekend or day of the week that you have to re-schedule your event if you need to postpone, then you may want to consider this option.

Last minute Rain Date or Postponing ~ Free and Most Popular.

If your event approaches and you decide it is in your best interest to postpone, and you did not book a rain date, we can give you a new date at that time. We typically can offer you one of our days off or an empty timeslot in the coming 3-4 weeks. If you are flexible on a reschedule date, then this is the best option! It is important to note that Fridays, Saturdays and Sundays as well as any holidays or days kids are off from school are typically NOT available.

Best Way to Communicate with our Office ~

- **Email.** *This allows us to keep track of our correspondence and allows us to get in touch with you as quickly as possible. We answer most emails within a day, and can answer them while traveling as well, but phone calls are VERY difficult when working onsite at another client's event. Typically, we only have 1 day a week set aside for phone calls, so it can be a long wait for me to get in touch with you via phone.*
- **One Contact Person / One Email Thread.** *We keep track of your correspondence, questions and concerns via the email history between our office and our clients. When emailing a question that includes all previous communications, ANY of our staff can typically quickly answer your questions from the road! However, when we receive a random email that either is from someone else or that has no thread history, we are limited to answering it when we are back in the office when we can refer back to all the information about your event.*

What you need to know about our company and keep in mind ~

- We get 100's of emails a week. No exaggeration!
- We give the SAME information to everyone regarding availability. A common mistake people make is that they do not realize that the availability we gave them may have been given to as many as 50 other people before them!!
- Once a formal booking request is made for a date, we will stop offering it for 48 hours to give the requester time to book it. If they do NOT book it, we assume you no longer need it and we open it up again and start offering it as available again. We do not "pester" people to book. We assume if it is important to the client, they will make the time to book.
- As a company we do about 500+ events a year, but availability is first come, first served. For some times of the year, dates are booked as far as a year in advance. If you are considering any of the following times and you are planning based on us, BE CERTAIN TO CONFIRM availability before choosing your date!
 - May Weekends for College Events
 - End of May and All of June for School Fun Days
 - End of June to End of August – Summer Camps
 - September Weekends – Fall Festivals
 - October Weekends – Halloween Themed Events
 - December – Holiday Parties and Winter Break Camp Programs
 - New Year's Eve

Phone Calls: In order to keep YOUR costs as low as possible, we do NOT have dedicated office staff. Rather, our event managers take turns covering the inquiries and questions we receive. **This keeps your cost lower and allows you to get answers from our experienced event managers directly.** The downside is that we are often onsite at other clients' events, so while we can quickly answer emails from our phones while traveling or on breaks during events, directly speaking on the phone is difficult. If you have questions that have not been answered and you wish to speak directly with us, send us an email to set up a phone call to discuss your event. If it is just a quick question on availability or pricing, send us an email. This will get you the fastest response.
